BRUNO

The Electra-Ride LT straight rail stairlift makes going up & down the stairs a pleasure

Safe and Affordable

Safety

You will be totally at ease on your Electra-Ride LT. When traveling on the stairs, the LT will sense any obstacles and automatically stop. When you want to get off the unit upstairs the seat easily swivels so you face the hall. The Electra-Ride LT meets all ANSI A-18.1 residential requirements.

Affordable

Electra ride LT offers a long list of standard features at a price that will please the budget minded customer. The LT has all the quality and durability built into our other stairlifts and includes hallmark features such as battery operation and rack and pinion drive.

Quiet & Smooth Operation

The rack and pinion drive system provides a smooth ride. The Electra-Ride LT's battery powered system runs exceptionally quiet in your home.

Compact

Your guests will get up and down the stairs with ease after the unit is installed. The seat and arms of the carriage flip up out of the way when the unit is not in use.

The arms, seat and footrest flip up, creating plenty of space for guests to walk up the stairs.

The Electra-Ride LT's rack and pinion drive system provides a smooth ride, without hesitation when the unit stops and starts.

BRUNO Electra-Ride™ LT

Battery Powered and Rugged

You don't have to be limited by stairs anymore, so enjoy the home you love, upstairs and down.

Rugged

LT does not mean light duty; the all-steel unit is designed for extended life. Getting on or off the seat is a breeze by utilizing the long, sturdy arms.

Battery Powered

The Electra-Ride LT uses two 12-volt batteries that are continuously charged by an integrated state-of-the-art battery charger. The power supply is plugged into a standard household outlet at either the top or bottom of the stairway.

Bruno's leading edge technology assures you access up and down the stairway even if the electrical service in your home is interrupted.

The rocker switch control is conveniently located at the end of the arm rest. The footplate and carriage safety sensors safely stop you even if the slightest obstacle is in the way while you ride.

The two wireless call/send controls make the installation simple and clean with no wires running along the wall.

Electra-Ride™ LT SRE-2700 Specifications

Exceptional Value

- ♦ Locking swivel seat, at the top and bottom of the stairway.
- ♦ Two remote, wireless call send controls.
